Covid-19 Prevention Officer	Brigadoi Roberto – 0039.338.200.9400

COVID-19 Prevention guidelines:

1) General safety and hygiene rules in the sports facility

- a. The present COVID-19 prevention concept was developed based on the current COVID-19 measures law in connection with the currently valid COVID-19 relaxation regulations and COVID-19 recommendations for action. For all COVID-19- preventive measures Mr. Brigadoi Roberto is classified as prevention representative of the organizer.
- b. Participation is only possible with a valid certificate (tested-vaccinated-recovered). The proof must be presented at the race office and must be valid for the entire event.
- c. The vaccination certificate, a confirmation from the doctor and the EU's "green pass" are valid as proof of vaccination.
- d. If you have recovered from a Coronavirus infection within the last six months, please bring a confirmation from your doctor or the official notice to self-isolate with you. Alternatively, proof of antibodies no more than three months old is also applicable.
- e. PCR tests and rapid antigen tests are permissible for testing. PCR tests are valid for 72 hours, rapid official antigen tests and supervised self-tests for 48 hours.
- f. Masks are mandatory in the race office and in all other indoor areas. We recommend wearing masks during the whole time on the competition areas. Masks are mandatory for every person in contact with athletes, coaches and officials. (for example race office, equipment control) There is also a mask requirement in every meeting (e.g. TCM). We recommend the usage of FFP2 masks
- g. We advise all participants to keep a minimum distance of 1 meter between persons in indoor and outdoor areas.
- h. Athletes, service-staff/coaches and other persons present at the competition sites, who show symptoms of illness, are not allowed to enter the facilities/areas for training and competition.
- i. It is requested to carry out fever scans and superficial health checks and interviews with the teams on own responsibility before arrival. Should symptoms of illness be detected, participation is to be refrained and the organizer is to be informed.
- j. Each team captain is responsible for ensuring that contact tracing can take place in the event of an infection. Therefore, we ask to every team captain to bring to the race office a daily list of athletes, trainers, team members etc. entering the competition area.

2) General Rules for arrival and accommodation

- a. You can find all the important information about this topic at https://infocovid.viaggiasesicuri.it/index_en.html
- b. The green pass regulation already applies in Italy whether you want to visit restaurants, cinemas, sport facilities and swimming pools. It is still changing. Please inform yourself closed to races about this with the local organizer.
- c. Testing facilities in the area of Predazzo: if needed the local organizer can help you finding an operating testing facility during the event
- d. Measures in case of suspicion
 - ✓ If a COVID-19 suspected case is known during the event, the person concerned must immediately contact the COVID-19 representative and the COVID-19 representative must immediately locate the suspected case. All further

steps/measures (separation, grounding, cancellation, etc.) must be carried out in coordination with the COVID-19 representative.

- ✓ If a COVID-19 suspected case becomes known after the event, it must be reported immediately to the COVID-19 representative.

All persons involved in the competition must comply with the above measures. The organizer can expel people or groups from the event site at any time if they do not adhere to the measures.

This Covid-19 measures can be adjusted depending on the situation and modified according to possible law or regulation changes.
